

Nada International School Newsletter

DECEMBER 2023

EXECUTIVE PRINCIPAL'S MESSAGE

Dear NIS Family,

As the echoes of laughter from the KG Fancy Dress and Primary Sports Day fade, and we settle into the festive season, I'm thrilled to share some exciting news from Nada International School!

Examinations:

We extend our heartfelt congratulations to all our students who tackled their EOT exams with dedication and perseverance. While there were a few minor bumps along the way, the overall progress in organization, quality, and exam application was truly remarkable. We're immensely proud of your resilience and commitment to academic excellence.

Report Cards:

While you savor the holiday season, keep your eyes peeled for your child's report cards arriving on the Engage Portal upon our return in Term Two.

Start of Term 2 Dates:

Mark your calendars! Students return to school on Sunday, January 7th, 2024, ready to embark on another term of learning and discovery.

Sunday
JANUARY 7TH. 2024

KG Fancy Dress and Primary Sports Day:
These events were a heartwarming display of our students' vibrant spirit and athletic prowess. Witnessing parents cheer for their little ones dressed as wild animals and our primary students blazing across the field brought a smile to everyone's face. Be sure to check out the photos in the coming pages for a delightful visual recap!

New KG Field and Astroturf:

We're excited to announce the installation of a brand-new rubber KG Games area and a FIFA-style Astroturf field! The new KG field promises a safe and fun space for our youngest learners, while the Astroturf upgrade has already become a favorite among students of all ages. We even saw the teachers go down to the students in the opening game – a testament to the field's exciting potential!

New Extra Curricular Activities:

Term Two comes packed with a fresh set of engaging extracurricular activities, including fencing, archery, karaoke, debate, and many more! We're confident these diverse options will spark your child's passion and talents.

MOH Seasonal Flu Vaccine Campaign:

We were proud to host the Saudi MOH seasonal flu vaccine campaign team from Al Omran Hospital, providing our students and staff with the opportunity to stay healthy during the season.

Golden Tickets Draw:

A huge congratulations to all the students who were rewarded for their hard work, good behavior, and positive contributions with Golden Tickets! We loved hearing the excitement as names were drawn for smartwatches, Kindles, earbuds, microscopes, and other fantastic prizes.

This December has been a whirlwind of progress, achievements, and joyful celebrations. We look forward to welcoming you back in Term Two for another year of learning, growth, and community spirit.

WISHING YOU A JOYOUS HOLIDAY SEASON AND A PROSPEROUS NEW YEAR!

**Mr. Mohammad Wajeih
Executive Principal**

SPORTS DAY

Hand, Foot and Mouth Disease (HFMD)

Hand, Foot, and Mouth Disease is a mild viral infection common in young children, caused commonly by Coxsackievirus A. This infection is contagious and it spreads through direct contact with an infected person's saliva, fluid from blisters, or contaminated surfaces. The incubation period is typically 3-6 days. Common symptoms to watch for include fever, loss of appetite, sore throat, red spots on the hands and feet, painful blister-like lesions in the mouth.

PREVENTION TIPS

Wash Hands Often with soap and water for 20 seconds

Avoid Touching eyes, nose, and mouth with unwashed hands

Avoid Close Contact with people who have HFMD

Clean & Disinfect frequently touched surfaces, such as toys

HFMD is usually self-limiting and resolves on its own. There is no specific treatment for hand-foot-and-mouth disease. Frequent hand washing and avoiding close contact with people who have hand-foot-and-mouth disease may help lower your child's risk of infection. Supportive care such as painkillers and hydration are recommended.

It is very important to monitor your child/children before sending them to school for any signs of illness. Our goal is to give our students and your children the best experience here at Nada International School, which includes a healthy safe environment.

PLEASE DO NOT SEND A SICK CHILD INTO SCHOOL

1st

Nada School Podcast Competition!

How to enter?

Grades 6 - 12 eligible to enter

- Grab a group of friends or participate alone
- Respond to this post on MS Teams with your name or group name (and its members)

Every week, the selected group* will have to submit their finalised video-podcasts by Sunday

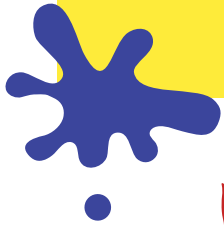

What you'll do

Boys and Girls can participate

- Generate an idea for a 60-second podcast episode
- Create a script for the episode
 - submit your idea and script to moderators for review
 - you must know your script for the day of recording, since you won't be able to read from it
- Come on Thursday during the activity session to record your vertical video-podcast
- Edit your recorded vertical video

*a schedule will be made to let each group know when their podcast is due

WORK EXPERIENCE PLACEMENT GRADE 9

We are thrilled to announce the upcoming **Work Experience Placement Event**, scheduled to take place from January 28th to February 1st, 2024.

To ensure our students are well-prepared and informed about this significant event, we have organized informative meetings that will provide detailed insights into the procedures and the importance of this event.

We encourage parents and guardians to discuss these opportunities with their children and support them in making informed decisions regarding their work experience placements.

STAY TUNED FOR UPDATES ON OUR WEBSITE AND SOCIAL MEDIA CHANNELS, WHERE WE WILL BE SHARING GLIMPSES OF OUR STUDENTS IN ACTION DURING THEIR WORK EXPERIENCE PLACEMENT!!

BUSINESS STUDIES

Grade 10 Girls

ENVIRONMENTAL CONSULTANTS

BUSINESS

The students were put into groups of 4 and will act as a team of environmental consultants. They could choose any business idea; real or fictional. The students in their respective groups should identify three relevant environmental issues. They brainstormed about the sustainable practices that businesses can adopt. The students should then consider ethical issues that businesses could address as well. The students highlighted the ethical principles. They included, how these actions will take place and what actions or targets will be taken place to achieve it. Once the plan was done, each group prepared their presentation and presented it to the class.

Well Done Girls ! Keep it Up !

KIDS ZONE

KG PLAYGROUND

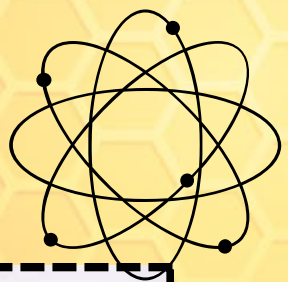

New KG Playground, where fun meets safety! Our commitment to providing a secure and enjoyable space for our school's children has led us to introduce cutting-edge rubber flooring to our playground environment.

ANEMOMETER

Mathematics Project

Grade 7

An Anemometer is a device that measures wind speed and direction. Grade 7 Boys and Girls were able to construct and use their own Anemometer for their Math Project.

In Mrs. Anupriya's engaging Science class, our sixth-grade students recently participated in a delightful activity where they had the opportunity to construct their very own food webs! It was a fun and interactive session that not only enhanced their scientific knowledge but also sparked their curiosity about the intricate connections within ecosystems.

MATH-PHYSICS COLLABORATION

PROJECTILE MOTION

During their Math lessons, students from Grade 8 Boys and Girls learned about Projectile motion both theoretically and experimentally. They were able to take measurements and calculate some physical quantities for their Mathematics Project.

اليوم العالمي للغة العربية

تم اعتماد **18** ديسمبر كيوماً عالمياً للغة العربية لأنه يوافق التاريخ الذي اعتمدت فيه إدارة الأمم المتحدة لشؤون الإعلام قراراً بالاحتفال باللغة العربية في **18** ديسمبر كونه اليوم الذي صدر فيه قرار الجمعية العامة للأمم المتحدة بإدخال اللغة العربية ضمن اللغات الرسمية ولغات العمل في الأمم المتحدة

وقد قام قسم اللغة العربية في مدارس ندى العالمية بتنظيم احتفالية مميزة تضمنت العديد من الفقرات والمسابقات، حيث شارك الطلاب وأولياء الأمور في الأنشطة المختلفة وتنافسوا في حل الألغاز اللغوية للفوز بالعديد من الجوائز. ومن جانب آخر، و بمبادرة تضمنت حث المعلمين الأجانب في المدرسة على التكلم باللغة العربية وتبادل المعلومات والتهاني بيوم اللغة العربية، فقد نظم القسم مسابقة أفضل مقولة أو بيت شعر قيل في اللغة العربية مقابل الفوز بالجوائز المجزية.

CYBER SAFETY

Cyber safety refers to staying safe and secure while using technology, particularly the internet. Here are some tips for practicing cyber safety:

Use strong passwords and change them frequently. Use a mix of upper and lowercase letters, numbers, and symbols.

Never share your address, phone number, or other sensitive information.

Tell a trusted adult if someone online makes you uncomfortable or says something that worries you.

Never click on links or download files from people you don't know.

Be wary of messages or emails asking for money or personal information.
